Joe King Gallery at Maimonides

A wine and cheese reception was recently held at Maimonides for the vernissage of the Joe King Gallery – the latest in our growing partnership with the Art For Healing Foundation. Well-known author and historian Joe King gave a tour showcasing the 85 framed pieces of photography he donated from his books “From the Ghetto to the Main” and “Baron Byng to Bagels.” This gallery depicting the Jewish history of Montreal can be seen on all four wings of the 7th floor. It includes a contemporary wing featuring the photos of many Jewish Quebecers who have impacted our community. Be sure to drop by for a visit!
